

Borosilicate Glass Culture Tubes

Globe Scientific offers this outstanding line of high quality borosilicate glass culture tubes. These tubes offer exceptional quality at great prices. They are neatly packaged in heavy duty boxes and shrink wrapped to keep them particle free. The boxes are compact and designed to fit into most test tube dispensers.

Features:

- Tubes can be used for tissue culture and blood banks.
- Tubes are chemically inert.
- Made from superior quality borosilicate glass to reduce pH changes and contaminants that are potentially leached from tubes made from soda lime glass.
- Tubes feature well-rounded bottoms and smooth, fire-polished rims.
- Dimensional specifications are rigidly controlled for reliable, uniform results.
- Produced in an ISO 9001:2008 certified factory.

Item#	Size (mm)	Overflow Capacity	Packaging	Unit
1503	10 x 75	4mL	250/box, 4 boxes/case	1000
