Diamond High-Performance Pipettor Starter Packs

EXTRAORDINARY VALUES!

*All the features and benefits of Diamond Advance™ Pipettors, Diamond Pro™ Pipettors, and Globe Scientific Certified Pipette Tips **PLUS:***

Efficiency –

Each starter pack includes four sizes of pipettors enabling volumes from 0.5uL to 1000uL, a pipet stand, and a **full box of tips for each size!** That's 36 racks of tips... enough to really get work done.

Savings –

Four high performance pipettors, the stand, and tips for less than the normal price of the pipettors alone!

Choice –

Starter packs are available with either Diamond Advance™ Ultralight High Performance Pipettors or Diamond Pro™ High Performance Pipettors to meet nearly all performance needs and price points.

Quality –

Starter packs include Globe Scientific Certified pipet tips that are certified sterile, RNase, DNase, Pyrogen, DNA, and PCR inhibitor free making them suitable for the most critical research.

Accuracy –

Pipettors are calibrated in an ISO 17025 accredited laboratory and both Diamond Advance™ and Diamond Pro™ pipettors have padded handles to reduce heat transfer for consistent accuracy.
